Remote Enrichment/Learning

March 24th, 2020

Dear Students, Parents and Guardians,

Cross County will be launching remote learning on Thursday, March 26th. The latest direction from Four Corners Health Department, Governor Ricketts and Education Commissioner Blomstedt is to close Cross County through April 30th. With the mandated extended closure, Cross County is committed to continuing education for our students and will launch that initiative on March 26th.

Our PK-12 teachers have been working on preparing what that looks like for each grade, class, etc. They will be reaching out to you and your student(s) with the next steps in moving forward with education virtually or remotely. It is necessary at this time to check your email often as email will be the main point of communication between students, parents/guardians and teachers.

We are truly moving forward in uncharted waters so we are asking for your patience and flexibility as we do our best in educating your child or children remotely. We will experience failure, but in the end I also believe we will have some great victories and stories to tell on how we came together to educate students at Cross County in a completely different learning environment than any of us have ever experienced before.

Sincerely,

Brent Hollinger

Justin DeWitt
